Middle School: 419-678-3331  
Elementary School: 419-678-2613

3/31/2021

We have had in-person learning since August 26, 2020 with our students K – 12. Four percent of our students started the year on-line due to health concerns or refusal to follow safety protocols on school grounds. We currently have two percent of our students who remain on-line for the remainder of the school year. Here is what we are doing to track student progress and skill level K – 12:

1. Renaissance STAR testing in Literacy, Math, and Reading
2. DIBELS assessments for Math and Reading
3. Math XL assessments
4. GIZMOS Math and Science program
5. We use the Read Naturally program
6. We use OTES 2.0 with our goals aligned to learning standards from ODE
7. We have taken all tests provided by ODE for check points and benchmarks to monitor progress
8. We provide Intervention Study Halls
9. We have CAV PRIDE time for Intervention
10. We use short cycle assessments and progress monitoring

Thank you,

Mr. Jason E. Wood  
Superintendent
